#5	Post-Construction Storm Water Management in New Development and Redevelopment	Borough of Scottdale	Stacey Coffman	724-887- 8220
#6	Pollution Prevention / Good Housekeeping	Borough of Scottdale	Stacey Coffman	724-887- 8220
	MCM #1 - PUBLIC EDUCATION AND C	OUTREACH ON STORM	WATER IMPACTS	
BN	IP #1: Develop, implement and maintain a written Public	c Education and Outreach F	Program.	
1.	For new permittees only, has the written PEOP been deve	eloped and implemented withi	in the first year of perr	nit coverage?
	☐ Yes ☐ No			
2.	Date of latest annual review of PEOP: August 2024	Were updates made?	? ☐ Yes ⊠ No	
3.	What were the plans and goals for public education and o	utreach for the reporting perio	od?	
	To publish and distribute stormwater related material to council meetings. Explained MS4 permits/requirements		ss stormwater manag	gement during
4.	Did the MS4 achieve its goal(s) for the PEOP during the re	eporting period? X	s 🗌 No	
5.	Identify specific plans and goals for public education and	outreach for the upcoming yea	ar:	
	Continue to publish stormwater management related Conservation District to discuss stormwater manager increase public awareness and promote projects that in	ment. Continue partnership		
BN	IP #2: Develop and maintain lists of target audience gro	oups present within the area	as served by your M	S4.
1.	For new permittees only, have the target audience lists coverage?	been developed and implem	ented within the first	year of permit
	☐ Yes ☐ No			
2.	Date of latest annual review of target audience lists: Augu	ust 2024 Were update	es made?   Yes	⊠ No
BN	IP #3: Annually publish at least one educational item or	n your Stormwater Manager	nent Program.	
1.	For new permittees only, were stormwater educational and Internet within the first year of permit coverage?	d informational items produce	d and published in pri	nt and/or on the
	☐ Yes ☐ No			

2.	Date of latest annual review of educational materials: August 2024 Were updates made	? ☐ Yes ⊠ No
3.	Do you have a municipal website? $\square$ Yes $\square$ No (URL: http://scottdaleborough.com)	

If Yes, what MS4-related material does it contain? A storm water drainage information segment for home owners, downspout inspection ordinance, and the Borough's Stormwater Ordinance. 4. Describe any other method(s) used during the reporting period to provide information on stormwater to the public: Scottdale Borough published and distributed a municipal directory and map that contained MS4 related material. While Jacobs Creek Watershed Association is a separate entity from Scottdale Borough, the two organizations partner together with regards to stormwater management. JCWA is normally present during community events held in Scottdale to present stormwater management and other conservation information such as the Borough's annual Fall Festival which is well attended from visitors throughout the region. 5. Identify specific plans for the publication of stormwater materials for the upcoming year: Scottdale Borough will continue to publish and distribute a municipal directory and map with MS4 material in it, news articles about stormwater management, and present information at council meetings. BMP #4: Distribute stormwater educational materials to the target audiences. Identify the two additional methods of distributing stormwater educational materials during the previous reporting period (e.g., displays, posters, signs, pamphlets, booklets, brochures, radio, local cable TV, newspaper articles, other advertisements, bill stuffers, posters, presentations, conferences, meetings, fact sheets, giveaways, or storm drain stenciling). - Municipal directory & map - Distribution of pamphlets at events -Posters and Handouts visible and easily available at the Borough Building MCM #1 Comments: James Stewart from DEP audited the Borough in winter 2022 and explained to Borough officials how this information should all be collected in a binder and constantly updated. This has now been completed. The target audience was expanded upon and updated per his recommendations. MCM #2 - PUBLIC INVOLVEMENT/PARTICIPATION BMP #1: Develop, implement and maintain a written Public Involvement and Participation Program (PIPP) 1. For new permittees only, was the PIPP developed and implemented within one year of permit coverage? Date of latest annual review of PIPP: August 2024 Were updates made? ☐ Yes ☒ No BMP #2: Advertise to the public and solicit public input on ordinances, SOPs, Pollutant Reduction Plans (PRPs) (if applicable) and TMDL Plans (if applicable), including modifications thereto, prior to adoption or submission to DEP: Was an MS4-related ordinance, SOP, PRP or TMDL Plan developed during the reporting period? 

Yes 
No If Yes, describe how you advertised the draft document(s) and how you provided opportunities for public review, input and feedback: N/A

If an ordinance, SOP or plan was developed or amended during the reporting period, provide the following information:

Ordinance / SOP / Plan Name	Date of Public Notice	Date of Public Hearing	Date Enacted or Submitted to DEP
N/A	N/A	N/A	N/A
N/A	N/A	N/A	N/A

	IP #3: Regularly solicit public involvement and participation from the target audience groups using available tribution and outreach methods.
1.	At least one public meeting or other MS4 event must be held during the 5-year permit coverage period to solicit participation and feedback from target audience groups. Was this meeting or event held during the reporting period?
2.	Report instances of cooperation and participation in MS4 activities; presentations the permittee made to local watershed and conservation organizations; and similar instances of participation or coordination with organizations in the community.
	Scottdale Borough discussed stormwater management with the Westmoreland County Conservation District and consulted with the District on all MS4 related issues.
3.	Report activities in which members of the public assisted or participated in the meetings and in the implementation of the SWMP, including education activities or efforts such as cleanups, monitoring, storm drain stenciling, or others.
	Scottdale Borough has a program during Autumn for residents to participate in with disposing leaves so they do not clog stormwater collection and conveyance.
MC	M #2 Comments:
	mes Stewart from DEP audited the Borough in winter 2022 and explained to Borough officials how this information ould all be collected in a binder and constantly updated. This has now been completed.
	MCM #3 – ILLICIT DISCHARGE DETECTION AND ELIMINATION (IDD&E)
	······································

<u> </u>	MCM #4 - CONSTRUCTION SITE	STORMWATER RUNC	OFF CONTROL
Are you relying on	PA's statewide program for stormwater ass		
Xes □ No	, , , o statewide program for stormwater ass	ociated with constituction a	cuviles to satisfy this MCIVI!
(If Yes, respond to	questions for BMP Nos. 1, 2 and 3 only in th	is section. If No, respond to	o questions for all BMPs in this section)
disturbance activ	nittee may not issue a building or other perities requiring an NPDES permit unless (i.e., not expired) under 25 Pa. Code Chap	the party proposing the	hose proposing or conducting earth earth disturbance has valid NPDES
During the reporti approvals until DE	ng period, did you comply with 25 Pa. Coo P or a county conservation district (CCD) ha	de § 102.43 (relating to wi	ithholding building or other permits or coverage)?
☐ Yes ☐ I	No Not Applicable (no building permit a	pplications received)	

BMP #2: A municipality or county which issues building or other permits shall notify DEP or the applicable CCD within 5 days of the receipt of an application for a permit involving an earth disturbance activity consisting of one acre or more, in accordance with 25 Pa. Code § 102.42.
During the reporting period, did you comply with 25 Pa. Code § 102.42 (relating to notifying DEP/CCD within 5 days of receiving an application involving an earth disturbance activity of one acre or more)?
☐ Yes ☐ No ☒ Not Applicable (no building permit applications received)
BMP #3: Enact, implement and enforce an ordinance or SOP to require the implementation and maintenance of E&S control BMPs, including sanctions for non-compliance, as applicable.
1. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of E&S control BMPs? ☑ Yes ☐ No
If Yes, indicate the date of the ordinance or SOP: 9/11/17
2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)?   Yes  No
3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
BMP #4: Review Erosion and Sediment (E&S) control plans to ensure that such plans adequately consider water quality impacts and meet regulatory requirements.
Specify the number of E&S Plans you reviewed during the reporting period: 0
BMP #5: Conduct inspections regarding installation and maintenance of E&S control measures during earth disturbance activities. Maintain records of site inspections, including dates and inspection results, in accordance with the record retention requirements in this permit.
Specify the number of E&S inspections you completed during the reporting period:
BMP #6: Conduct enforcement when installation and maintenance of E&S control measures during earth disturbance activities does not comply with permit and/or regulatory requirements.
Specify the number of enforcement actions you took during the reporting period for improper E&S:
BMP #7: Develop and implement requirements for construction site operators to control waste at construction sites that may cause adverse impacts to water quality. The permittee shall provide education on these requirements to construction site operators.
Specify the method(s) by which you are educating construction site operators on controlling waste at construction sites:
BMP #8: Develop and implement procedures for the receipt and consideration of public inquiries, concerns, and information submitted by the public to the permittee regarding local construction activities.
1. A tracking system has been established for receipt of public inquiries and complaints.  ☐ Yes ☐ No
2. Specify the number of inquiries and complaints received during the reporting period: 0
MCM #4 Comments:

MC	CM #5 – POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT
	IP #1: Enact, implement and enforce an ordinance or SOP to require post-construction stormwater management from w development and redevelopment projects, including sanctions for non-compliance.
1.	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? 🔲 Yes 🔲 No
	If Yes, indicate the date of the ordinance or SOP: 9/11/17
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? $\boxtimes$ Yes $\square$ No
3.	If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
de <sup>,</sup>	IP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new velopment and redevelopment. Measures should also be included to encourage retrofitting LID into existing velopment. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID actices.
1.	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use of LID in new development and redevelopment?    Yes    No
	If Yes, indicate the date of the ordinance or SOP: 9/11/17
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☐ No
3.	If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
de	IP #3: Ensure adequate O&M of all post-construction stormwater management BMPs that have been installed at velopment or redevelopment projects that disturb greater than or equal to one acre, including projects less than one that are part of a larger common plan of development or sale.
1.	Do you have an inventory of all PCSM BMPs that were installed to meet requirements in NPDES Permits for Stormwater Discharges Associated with Construction Activities approved since March 10, 2003?  Yes No
	If Yes to #1, complete Table 1 on the next page.
2.	Has proper O&M occurred during the reporting period for all PCSM BMPs? ⊠ Yes □ No
3.	If No to #2, explain what action(s) the permittee has taken or plans to take to ensure proper O&M.
If y	ou are relying on PA's statewide program for stormwater associated with construction activities, you may skip to MCM #6, erwise complete all questions for BMPs #4 - #6 in this section.
the	IP #4: Require the implementation of a combination of structural and/or non-structural BMPs that are appropriate to local community, that minimize water quality impacts, and that are designed to maintain pre-development runoff inditions.
1.	Specify the number of PCSM Plans reviewed during the reporting period for projects disturbing greater than or equal to one acre (including projects less than one acre that are part of a larger common plan of development or sale): N/A
2.	Has a tracking system been established and maintained to record qualifying projects and their associated BMPs?

BMP #5: Ensure that controls are installed that shall prevent or minimize water quality impacts. The permittee shall inspect all qualifying development or redevelopment projects during the construction phase to ensure proper installation of the approved structural PCSM BMPs. A tracking system (e.g., database, spreadsheet, or written list) shall be implemented to track the inspections conducted and to track the results of the inspections (e.g., BMPs were, or were not, installed properly).
During the reporting period have you inspected all qualifying development and redevelopment projects during the construction phase to ensure proper installation of approved structural BMPs?
☐ Yes ☐ No ☒ Not Applicable (no qualifying projects during reporting period)
2. Has a tracking system been established and maintained to record results of inspections?
☐ Yes ☑ No
BMP #6: Develop a written procedure that describes how the permittee shall address all required components of this MCM.
Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed?   Yes  No

## CERTIFICATION

For PAG-13 Permittees: I have read the latest PAG-13 General Permit issued by DEP and agree and certify that (1) the permittee continues to be eligible for coverage under the PAG-13 General Permit and (2) the permittee will continue to comply with the conditions of that permit, including any modifications thereto. I understand that if I do not agree to the terms and conditions of the PAG-13 General Permit, I will apply for an individual permit within 90 days of publication of the General Permit. I also acknowledge that any facility construction needed to comply with the General Permit requirements shall be designed, built, operated, and maintained in accordance with operative laws and regulations.

For All Permittees: I certify under penalty of law that this report was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. See 18 Pa. C.S. § 4904 (relating to unsworn falsification).
